What happens next

- 1 A call within 24 hours**
Our office will call the number you gave us. Please answer — do not cut the call because the number is unfamiliar.
- 2 Document verification**
We will ask for your passport, experience papers and photograph on WhatsApp. Clear photos are enough.
- 3 Application to vacancies**
Your CV goes to the companies that match your profile, and we tell you exactly where it was sent.
- 4 Interview & offer letter**
If the company shortlists you: interview and medical. Salary, food, accommodation and leave come in writing before you decide.

Please keep in mind

- This ₹500 covers opening your file, verifying documents and sending your CV to companies — it is **not a job guarantee**. Hiring is the company's decision.
- Visa, medical and ticket costs are not included. Those come after the offer letter, and the full amount is written down in advance.
- If it does not work out, we tell you straight — no false hope.
- The fee is non-refundable, because work begins the moment it is paid.
- If anything is unclear at any stage, call us directly. We speak Bengali, Hindi and English.
